Raine & Horne has a special listing of a 4.83 ha. (approx. 12 acres) rural lifestyle block. This stunning acreage retreat with a family sized 4 bedroom 2 bathroom home with a rumpus room + study has a high elevated outlook of the surrounding countryside from the surrounding verandah. There are two significant machinery sheds one of which has double lock-up bays for workshop and vehicles. Also, there are several large poultry sheds, a large amount of rain water storage and the property is divided into several paddocks for livestock. Located on a sealed road close to town this property is well worth your consideration.
