Two Sprawling Homes with Endless Opportunities

Set on over two hectares of level land, this exceptional property reveals two modern residences, each designed for expansive family living, endless entertaining, and rural privacy. Whether for multi-generational families or generating rental income, both homes deliver elegance and comfort, creating a rare lifestyle opportunity with an abundance of shedding, and hardstand area.

The main house, set behind a gated entry and circular concrete driveway, is a sprawling single-level homestead that exudes comfort and family living. With expansive living areas, a open plan dining room, billiards space, and a stylish kitchen, it's designed for both intimate gatherings and large-scale entertaining.

Outside, various bespoke outdoor kitchens and alfresco areas overlook a stunning swimming pool within a fenced, manicured yard.

Completely separated from the main home, the second residence with it's own entrance is a modern entertainer in its own right. With high ceilings, modern interiors, and a lavish living room with a fireplace, it offers Blue Mountains vistas from the rear patio and a clear and level paddock for added serenity.

Both homes feature extensive shedding, with the primary residence revealing large shedding and carports for heavy vehicles and a dedicated truck hardstand area. This property is a unique rural retreat complete with town water, ducted air conditioning to both homes and approved dual occupancy.

Features: - Over two hectares of level land offering rural privacy - Two luxurious residences, perfect for multi-generational living or rental income - Main house: 4 bedrooms with study and 2 bathrooms - Second residence: 4 bedrooms and 2 bathrooms with oversized study or potential fifth bedroom - Expansive living areas and multiple entertaining zones in the main house - Solar to both homes - Bespoke outdoor kitchens and alfresco spaces overlooking a stunning pool - Second residence features modern interiors and a living room with fireplace - Town water - Rear alfresco space with westerly Blue Mountains vistas - Extensive shedding to both homes and circular driveways to each home - Large carports and hardstand area for heavy vehicles - clear level large paddock
