11.14-Acre Property with a Spacious Country Home

Escape to the peaceful countryside of Ravenshoe, where rolling hills and fresh air create the perfect backdrop for a tranquil lifestyle. Situated just 10 minutes from town, this 11.14-acre property features a robust, cyclone-rated home built in 1994 with solid block construction designed for durability and comfort.

The home boasts an impressive under-roof area of approximately 25 meters by 16 meters, offering ample space for a large family or those who love to entertain. High ceilings add to the sense of openness, enhanced by its 14-block-high construction. A wide verandah wraps around three sides of the home, providing generous outdoor living spaces for relaxation and gatherings.

Inside, the layout is thoughtfully designed to combine practicality with style. The home includes four spacious bedrooms, three of which feature built-in shelving. The master suite is particularly luxurious, complete with a walk-in robe and ensuite. The main bathroom is equally stylish, featuring a combination bathtub and shower, as well as a toilet. Throughout the house, slate tiles create a cohesive, durable flooring solution, while the bedrooms are carpeted for added comfort.

The country-style kitchen is both functional and charming, equipped with a walk-in pantry, extensive bench and cupboard space, and a wood combustion stove that enhances the home's cozy ambiance. This stove also heats the hot water, providing a cost-effective solution during cooler months. Adjacent to the living areas, a large three-bay garage with lockable roller doors offers abundant storage for vehicles, boats, or equipment, while the laundry, conveniently located nearby, is accessible through the garage or via the side verandah.

The property is ideally suited to rural living, with several paddocks featuring sturdy four-strand fencing and a small shed suitable for calves or tack. A reliable bore provides crisp, fresh water, pumped to a 6,000-gallon tank and gravity-fed back to the house. Additional features include two garden sheds, a greenhouse, and a vegetable garden, which, with a little care, could be restored to their former productivity.

This versatile property offers endless possibilities, whether you're envisioning a hobby farm, a family home with plenty of room to grow, or a peaceful retreat to enjoy the clean country lifestyle. The land is perfect for raising cattle or horses, growing your own produce, or simply relaxing and taking in the natural beauty of the surroundings.

Located just a short drive from Ravenshoe's excellent schools, with the added convenience of a school bus service, this property provides the ideal balance of rural seclusion and accessibility. It's a rare opportunity to create the lifestyle you've always dreamed of—don't let it slip away.
