Julie Slater

"Magnolia" - Premium, elegant and sumptuous resort-style living

This luxurious acreage (1.98ha) property is located in one of King Creek's most sought-after locations and combines all the vital elements to create a truly wonderful living environment.

The home is positioned comfortably within the park-like grounds offering a sense of arrival and revealing itself as you enter the magnolia-lined driveway.

Abundant plantings and landscaping provide a soothing outlook, privacy and plenty of opportunities to enjoy the entire property.

The home blends luxury and comfort with an extensive array of quality features and appointments. Impeccably presented throughout, the colour palette, furnishings and finishes create a comfortable yet sumptuous interior.

Gleaming hardwood timber floors feature in the main living, kitchen and dining zone that provides generous spaces for family living. A separate formal lounge with gas heritage style log fire provides a cozy and intimate space for quieter moments. An extensive and enclosed rear Queensland room provides additional indoor/outdoor year-round living with wall mounted heaters and a spa and connects to the resort-style pool area.

The primary bedroom suite enjoys an ensuite and spacious walk-in wardrobe/dressing room. The three further bedrooms feature built-in wardrobes and are serviced by the well appointed second bathroom.

A dedicated home office, conveniently located near the front entrance, caters to work-from-home needs, offering peace and privacy. A powder room adjacent to the office adds convenience for both residents and visitors.

Completing this outstanding property is a colourbond shed for garden equipment and toys, separate laundry, remote-controlled double garage, ducted heating/cooling and town water connection.

Discerning buyers seeking a premium acreage environment within easy reach of the amenities of the thriving coastal town of Port Macquarie should contact the exclusive agent Julie Slater on 0499 994 241 for more information.
