HAVE YOU BEEN SEARCHING FOR AN AFFORDABLE RURAL PROPERTY CLOSE TO ALL SERVICES??

You may be considering downsizing from a larger rural property or perhaps you are a first home buyer who loves the idea of your family having a pony, chickens and a large vegie garden?? Either way, this extremely attractive property will delight you.

Being located only a few minutes from anywhere in Legana, the property is set well back from the road and boasts a comfortable, spacious 3 bedroom brick home featuring a modernised, well equipped kitchen, office space, large living area, built-ins in the bedrooms, bathroom with a bath and shower, wood heating and reverse cycle heat pumps. Most of the garden and front paddock can be seen from the home and there is a large garage/workshop plus a double carport providing undercover access to the home. Established orchard, vegetable garden, solar panels, the fact that the land size is just under 2 acres together with all of the above would indicate this property represents great value in today's market.
