Urban sophistication within the exclusive Batch House

Discover the ultimate in low-maintenance luxury within the exclusive Batch House Apartments complex, an architecturally designed boutique warehouse conversion offering luxurious comfort with a sought-after North Hobart address.

This exquisite apartment offers private access via the secure ground-floor entrance, where meticulously crafted living awaits, created to maximise space and functionality without compromising on quality and style.

A split-level floorplan enhances the natural light and showcases sophisticated finishes throughout. The sun-filled living area, warmed by a stylish gas fireplace, flows seamlessly into a state-of-the-art kitchen featuring high-end appliances, ample storage, and extensive countertops.

Upstairs, two generous bedrooms capture abundant sun and feature built-in wardrobes, wifi controlled ceiling heaters and plush carpets. These tranquil retreats share a luxurious bathroom outfitted with a freestanding bath, heated floors, a walk-in shower, a vanity, and a toilet, and elegant matte black tapware. An equally as chic powder room services the living area level.

Two enclosed courtyards bring the outdoors in with bi-fold glass doors, each connecting to a light and ventilation shaft to create an airy ambiance, especially throughout the warmer months.

Additional highlights of the impressive property include an internal laundry adjacent to the kitchen, a central Tas Oak staircase, designer lighting, double-glazed windows, a video intercom, basement storage, and two secure car spaces within the remote-gated garage.

Positioned in one of North Hobart's most desirable locations, this apartment offers the best of city living, just steps from the vibrant dining and entertainment scene, boutique shops, and supermarkets, ideal for those seeking refined urban comfort and convenience.
