Updated coastal apartment in picturesque seaside setting

Occupying a favoured position with a Currumbin Creek outlook, this updated apartment entices both investors and owner occupiers. Providing a seamless blend of comfort and low-maintenance living, you can take advantage of the resort-inspired complex amenities or relish the location close to famous beaches, waterways and dining.

Bathed in light and set on upgraded timber-styled flooring, open plan living and dining is generously sized and delights in sea breezes. There is plenty of storage in the adjacent kitchen, with a contemporary fit-out including stainless appliances and stone; a centre island handy for easy catering.

Stylishly tiled and including a built-in coffee bar, entertaining is easy on the large covered balcony, with views across Currumbin Creek validating your prime position. Relax down in the residents BBQ area, or soak in every minute of your weekends in the huge in-ground swimming pool, spa and landscaped poolside lounging.

There are two built in bedrooms with the master including private alfresco access and an ensuite. A second bathroom is a convenient addition, with both wet rooms pristinely presented. Additional features include a European laundry and tandem car parking.

Sitting across the road from the famous Tarté Beach House, lazy weekend brunches have never been better. Launch your kayak or paddle board in Currumbin Creek, or head to the majestic Palm Beach or Currumbin Beach foreshores and enjoy coastal living the way it was meant to be.
