A One Bedroom Home with Parking Developed by Multiplex

Completed by Australian construction company Multiplex around 2000 The Tower offers residents the most ultra-convenient lifestyle. Geographically a superb central location perched above the Swissotel Sydney on the corner of Market Street and George Street. Another drawcard for many residents is that they love the flat terrain offering easy walking around the city centre.

The buyer of this apartment could be anyone mirroring the current composition of the building. By anyone I mean it is bound to attract a wide range of buyers. Buyers could be young city executives, investors, downsizers, those wanting an inner city pied-a-terre to lock up and go.

It offers a highly efficient floor plan, no corridors or hallways thus maximising the space. There is a living room with open plan kitchen, balcony, bedroom and bathroom.

Furthermore, there is one valet car parking space as well as a separate storage cupboard on level 9.

The Tower has daytime Concierge and an on-site Building Manager plus 24 hour valet parking. Many of those working at The Tower have been there for many years which adds to a genuine community vibe. The residents also enjoy access to an outdoor pool and outdoor terrace.

According to Google Maps it is 180 metres to the Queen Victoria Building, 220 metres to David Jones, 250 metres to Pitt Street Mall Shopping Centre, and 400 metres to GPO Sydney at Martin Place.

Transport links are ubiquitous with it being 140 metres to Town Hall Train Station and Light Rail, 290 metres to St James Station, 700 metres to Wynyard Station. There are major bus interchanges available at Wynyard and QVB all within walking distance not to mention taxis at the front door.
