A 66 Square metre One Bedroom Home with Secure Parking & Close to Trian & Metro Options

I am excited to offer this north facing, one bedroom apartment which will meet the needs of many aspiration city buyers.

A little known fact, according to the media when Century Tower was completed it was the tallest residential building in Australia and possibly the Southern Hemisphere.

Positioned near the top of the building on level 35 it benefits from a very efficient 66 square metre floor plan that maximises the use space.

It comprises a living room with floor to ceiling windows and sliding doors that open on to a balcony. The open plan kitchen benefits from granite benches and good storage. The bedroom has a built-in wardrobe and direct access on to a balcony. The bathroom comprises a bath, separate shower and an internal laundry. There is one secure 14 square metre car parking space giving a total of 80 square metres on title.

This extremely popular inner city development benefits from excellent communal facilities including a pool, spa, sauna. There is also 24 hour concierge and an on-site designated Building Manager. The building is pet friendly subject to strata bylaws.

Geographically, Century Tower is in the heart of CBD, everything is on your doorstep, from open spaces, shopping and transport. According to Google Maps it is 260 metres to Museum Train Station and the open spaces of Hyde Park. It is 350 metres to Sydney Town Hall and 290 metres to Town Hall Train Station, it is 150 metres to Gadigal Metro Station and 600 metres to Sydney Westfield.
