Within everyone's budget and these tend to be SNAPPED UP quickly by canny 1st home buyers and savvy investors. The perfect entry level will get you started on the property ladder of home ownership or investment. The quiet position affords views to the Darling ranges from the expansive balcony off the living area and being on the top floor the Fremantle Doctor will visit you first! Not much more to say than it's AFFORDABLE, it MAKES SENSE, but be warned it's not going to last!!
