INGOMAR PREFACE

Brought to you by La Vie Collective, designed by S. Group and built by Oliver Kelly.

Ingomar Residences encompasses the sensitive yet luxurious conversion of the historic homestead into eight tailored residences. The former grounds at the rear of the property offer secure parking, with eighteen architecturally-designed residences lofted above, delivering absorbing views toward the city and Hobart waterfront beyond.

The residences are accessed by stateoftheart technology including a digitally-controlled access system. Your front door is available via lift access from the carpark. The latest in technology extends to controlling your undertile heating and towel rails in the lux fully-tiled bathrooms as well as keyless/remote entry.

Ingomar is designed for the future, all residences enjoy individual EV car charging points.
