This is the perfect property to start or add to your investment portfolio or even first home buyers. Situated at the rear of a 4 unit complex, this property offers privacy and low maintenance living. With previous renovations still in great condition you will love the 2 bedrooms, combination bathroom/laundry, good sized kitchen with bench space and storage. Located on the ground level and only a short walk to the city centre for all of your shopping and dining needs or head down to the beach and Lake Pertobe, this is an opportunity to grab with both hands.
