Grant Lynch

Contemporary lifestyle convenience

Presenting a stylish low maintenance lifestyle in an exceptional location just metres from Forest Hill Chase, this classic elevated weatherboard home is privately set behind a leafy low maintenance landscaped garden.

Awash with natural light, the home's living room is complemented by a separate dining area, and leads to a contemporary kitchen with stainless steel appliances and generous storage. At the rear, a timber alfresco dining area is adjacent to a courtyard garden.

Three air conditioned bedrooms feature built-in wardrobes, serviced by a full ensuite with waterfall shower and a stylish central bathroom with floor-to-ceiling feature tiling. A separate study is secluded at the back of the home.

With a single carport, additional off-street parking and a lock-up storage shed, the home also features polished timber floorboards, plantation shutters, ducted heating, air conditioning, decorative cornices and roller blinds, and is set moments from buses, Blackburn Lake Primary and Blackburn Lake Sanctuary.
