A no through road means totally quiet enjoyment and this is what this comfortable home offers. There are so many positives with this lovely family style but one of the best is it is located at the end of a very quiet no through road. How good - no passing traffic and all the associated noise. The three bedroom home plus study is both beautifully presented and extremely well maintained which ensures it is cherry ripe for the next owner to thoroughly enjoy. The master bedroom has an ensuite and just to provide more space there is also an office area,. Heating and Cooling are more than catered for and as the home is set on quite a good sized block there is also a Shed which is concreted and powered and there is still enough room for the family to enjoy. Number 1 Lynden Street should be number one on your "must inspect" list if you are serious about buying a well priced three bedroom (plus office) family home. Call Leanne and book your private inspection today.
