Forever Views

Located high above town, this 2001 built home has one of the best views in the area. With a great family friendly design, the three bedroom home also has a study or possible small fourth bedroom. The home has been a rental property for many years, but now offers the opportunity to secure it as your forever home in one of the most popular areas of Denmark. Gas instant hot water is available, plus both a wood and gas heater in the main living area. Undercover parking for two vehicles is available via a carport under the main roof, plus a lock up single garage. With a coat of paint and a touch up here and there, this well positioned property will come up a treat and offer the Denmark lifestyle that so many dream about.
