Across two levels there are multiple living areas, two kitchens, three bathrooms, elevated and poolside alfresco areas and more. Offering something for everyone, you simply must inspect.

Upon arrival you will find:

- The dining/living room is of good size and overlooks the pool.
- All three bedrooms on this level are airconditioned and have built in robes. The large master suite also has a well-presented ensuite.
- The renovated main bathroom includes full sized bath and separate shower.

Heading downstairs via the internal staircase, which can be closed off for privacy, you will find:

- Good sized, air conditioned living/dining space.
- Kitchenette with plenty of storage.
- Two additional rooms with built in robes and overhead fans plus split air-conditioning in one.
- Office/media room.

- Sparkling inground swimming pool.
- There is plenty of lawn for kids games and the rear yard is fully fenced.
- Two garden sheds plus under house storage provides room for all of the tools and toys.

The location is walking distance to Chatswood Hills State School and only minutes from both Chatswood and Springwood shopping centres, John Paul College, Springwood Conservation park, Bus Station and M1 entrance. This property truly has something for everyone and with the owner moving to the city it's time for a new owner.
