Curb Appeal at its Finest - A Home with a Grand Street Entrance

Sophistication meets functionality...From the moment your eyes meet this grandeur of a home, you'll know this is the one! Presenting a wide staircase entrance, step inside and you will instantly feel at home. Boasting three bedrooms; master with built-ins and bay window, a sleepout and an office, the layout of this home flows seamlessly from the entry through to the expansive kitchen. Complete with soft close drawers, dishwasher, and induction cooktop, hosting your next dinner event will be a breeze. It doesn't stop there, with the lounge room being the hub of the home and the dining overlooking your very own inground pool. Finding a spot to leave the stress behind won't be an issue. From the front patio to underneath the house, there is a multitude of sitting areas to enjoy a beverage or two. To complete downstairs, you'll also have the laundry, and a second easy to access bathroom. With manicured gardens, you'll also find a fire pit and banana palms throughout the back yard to relax and enjoy. The absolute treasure of this home is the sparkling inground pool equipped with pump and cleaning equipment; it will be the perfect entertainer for all the family just in time for the North Queensland summer. Do not delay, call Candice Dyball on 0438 197 607 today to arrange your inspection.
