HEAPS OF POTENTIAL

Looking for a project that will turn into your dream home? This charming timber home is ready for your vision. With a spacious layout and great bones, it's the perfect opportunity for investors, renovators, or buyers looking to enter the real estate market.

Three built in bedrooms, all with air conditioning. Large open plan kitchen, dining and lounge rooms. This area is air conditioned and the lounge room opens with French doors onto the front verandah. There is a bonus built in room off of the laundry that would be ideal for an extra bedroom, or work space. Large family or rumpus room with second toilet has access from the house and also outside. Single lock up garage.

Set on a 809m² block, and being so handy to town, there is room for the kids to play, or put a shed up. A brand new roof and solar panels have recently been installed. Having been a long term rental at \$400 per week, this property could also be perfect for your investment portfolio.

This house is full of potential and waiting for the right person to bring it back to life. With some work and a little TLC, it could become the beautiful home you've always wanted. Whether you're looking to renovate and make this your family home, or use this for it's investment potential, this property is an opportunity you don't want to miss!
