SAME SAME BUT DIFFERENT

You need to think again when you hear this. Yes, it has all the features of a well-designed tropical family home but with a separate parent or visitors retreat.

Recently renovated with new kitchen, bathroom, and floor coverings throughout the main section of the home. Air conditioners, dishwasher, cooktop and oven are all brand new and under warranty.

Two buildings are joined by an outdoor undercover living area that has direct access and a view to the pool area.

A spacious main bedroom overlooking the pool has its own bathroom and walk in robe.

Double lock up garage with yard access for a boat or caravan make this home an attractive place to call home.

Solar on the roof will save on the power bills in this quiet close in Yorkeys Knob.

The owners have relocated and the property is suitable for a move in before the New Year starts and enjoy summer swimming in the pool or chilling in the fully air conditioned home on those hot summer nights
