Renovated Family Home with Future Development Potential

This three bedroom, one bathroom home built in 1984 won't stay on the market long. It has been beautifully renovated and features a spacious and functional kitchen, modern laundry with plenty of storage space and two generous living areas, making this the ideal family home.

The master bedroom features direct access to the bathroom and has a well equipped walk in robe. The two minor bedrooms both have built in robes giving plenty of functional storage space.

Adding to the appeal is a large rear yard with a large shady undercover patio and a medium sized shed. The potential of this property is endless as it features double gates giving side access off the secondary street, along with a double, auto door garage with extra storage space.

This large corner block offers future development potential or just the ability to add to the existing footprint.
