ACREAGE BY THE SEA - 14 ACRES

Prime slice of land situated in a sought-after area of Sloping Main. This 14 acres of land has a two bedroom home that has the bones for you to create a getaway like no other.

The home has not been lived in for a while, but with a little bit of TLC you could have a North facing home with water views that would be the envy of everyone.

The home is situated in a well protected bay with access down to the waterfront over the Crown Reserve.

There are general building sites where you could also build an architect designed home that would suit this magnificent parcel of land, whilst keeping the two bedroom home as a granny flat, studio or an Air BNB (S.T.C.A)

The purchaser will also have an option to purchase the Crown Lease of a boat shed tucked away in the protected cove.

More photos to come in the new year.

Call Danny or Debbie to inspect.
