Enviably South Coast Lifestyle

Located just 5km from town, this perfectly set up lifestyle property has had all the hard work done and offers the best in Denmark living. This solar passive three bedroom has been meticulously designed and offers multi-generational use with one bedroom and a kitchenette at one end of the home along with the laundry and double garage. The main part of the home enjoys high ceilings throughout the living and dining area, a stunning kitchen complete with butlers pantry, the main bedroom and semi-ensuite as well as the other bedroom. A large sunroom currently serves as the perfect kids play room, and leads outdoors to your choice of verandahs to the North and South and the lush garden and lawns. An under cover vegetable garden with raised beds is sure to impress the keen gardener, while a short walk from the house lies a 180sqm lock-up shed with concrete floor and 3 phase power. 300,000L of rainwater storage, a couple of garden sheds and well established gardens and fruit trees complete the property. Please contact Andrew Barrow on 0409081075 for further details.
