Bathrooms: 1

Type: House

Classic Victorian terrace with exciting future

Wonderfully positioned in the heart of Kew's school belt, this single-fronted Victorian terrace takes pride of place in the iconic Warsaw Terrace, circa 1890. This outstanding residence is likely to appeal to professional couples, young families or downsizers, a major drawcard being its location, close to Kew Junction, Cotham Road trams, Glenferrie Road's retail and dining precinct and within easy reach of the CBD. One of six in this unique row of terraces, this north-facing home on a surprisingly deep allotment, updated to deliver a contemporary lifestyle, also offers the opportunity to add your own stamp.(STCA). All six homes retain their identical polychromatic brick façade and iron picket fences, adding to the home's heritage appeal. Behind the façade, polished floorboards flow from the entrance to the north-facing living zone. Three pristine bedrooms, with storage, electric wall panel heaters-- and two with open fireplaces--are served by a bright, sky-lit bathroom and laundry. The modern stainless steel kitchen overlooks the living domain where bi-fold doors open to the sun-drenched deck and leafy back garden for relaxed indoor-outdoor entertaining. From this esteemed address it is an easy walk to Ruyton, MLC, Trinity, Carey, Preshil and Xavier, multiple child care facilities, parks and local cafes.
