Luxurious Family Living with Style and Space

Welcome to your dream family home, built by Afonso Homes just over 12 months ago, where thoughtful design and luxurious finishes combine to create an unparalleled living experience. This stunning four bedroom residence has been crafted with both style and functionality in mind, offering the ultimate in modern living.

The master suite is a true retreat, featuring a spacious walk-in robe and a spa-like ensuite with a freestanding bath, double vanity, and walk-in shower. The three additional bedrooms, all with built-in robes, are perfectly complemented by a beautifully designed family bathroom, complete with a double vanity and separate toilet.

With three distinct living zones, there's room for every occasion-whether it's a quiet family evening, entertaining friends, or simply relaxing. A dedicated office/study provides a private space for work or study, while the large laundry with abundant storage ensures everything stays organized and tidy.

At the heart of the home is the stunning kitchen, a true showstopper featuring stone benchtops, a 5-burner freestanding gas oven, dishwasher, soft-close drawers, overhead cupboards, and a spacious butler's pantry. It's the perfect space to create culinary masterpieces or gather with family.

Step outside to the undercover alfresco area, where you can entertain year-round, rain or shine. The fully landscaped front and back yards offer a serene escape with manicured gardens, perfect for children to play or for simply unwinding after a busy day.

A remote double lock-up garage provides secure parking and storage, completing this exceptional property.

Every detail of this home has been carefully curated to offer comfort, elegance, and practicality. It's ready for you to move in and start creating lifelong memories. Don't miss this rare opportunity to call it yours!
