The most important thing in real estate when buying is the term location location!! And this location is nothing short of sensational, situated off Twelfth Street and very close proximity to the health precinct, education facilities, child care centres, Aerodrome Ovals, and of course the Mildura Golf Resort - it truly is a sensational locale. The home itself is ideally suited to families looking for a spacious home with dual living areas, four bedrooms, dual bathrooms, undercover pitched roof entertainment area with great size yard and swimming pool making it more than ideal for any family.
