Whether you're just starting your property journey or looking to downsize this home will meet your needs.

Across from the shady trees of the park, this cute, low maintenance home located in the ever-popular Village in Oonoonba awaits its new owners.

The master situated at the front of the home, has a walk-in robe and ensuite and gives privacy as its away from the other bedrooms.

A functional, minimalist kitchen faces the tiled, open plan living and dining space that finds you looking right out to the back patio.

The family friendly bathroom has a separate shower and tub for the kids or for you to relax and unwind.

Carpets, built ins and Splits are consistent in the bedrooms.

A private patio out back makes for a nice BBQ space while you enjoy watching the dog run around in the fully fenced yard.

With a potential rental return of \$500 to \$520 a week, a solid investment opportunity or that entry into the property market, this one will not last long!

We look forward to seeing you here this weekend.
