The kids have grown and flown the nest so it's time for this wonderful home to find a new family to make memories with. This beautifully presented home has something for everyone. 4 bedrooms downstairs means everyone gets their own room and with all of them having built-ins there's lots of storage. The living space flows into the breakfast nook with beautiful polished timber floors and well-appointed kitchen that overlooks the backyard. Head upstairs and you will find the ultimate parent's space, a large master bedroom with walk in robe, ensuite, separate office, AND kitchenette. Perfect for working from home you don't have to go downstairs every time you want a cuppa, just boil the jug and sit out on the balcony and enjoy the view. There will be plenty of entertaining on the back deck with lazy days cooling off in the pool, and with direct access to the downstairs bathroom there's no trapesing dripping togs through the house. The property has plenty of off-street parking with a large 12x6m concreted shed that has power and electric roller doors at the rear and a shade shelter perfect for the boat. This property certainly has it all and won't last long!
