A Sensational Summertime Entertainer

Picture all the fun you can have this summer with an awesome pool in your backyard for your family to dive straight into, and only a three minute drive to laze on the beach or surf those endless waves. Renovated throughout so you can turn the key and move in as is, this spacious home is the perfect fit for a family of all ages. The lower level features bedroom, bathroom and living room space that offers flexibility for a 4th bedroom teenager's retreat, home office, gym or games room, plus a wet bar creating an option for a kitchenette. On the upper level there are three other bedrooms, a bright and open plan living area highlighted by that ideal north facing aspect, and a superb kitchen with induction stove top to make easy work for family meal time gatherings. Enticing you outdoors, you can choose from the upper deck at the front for a quiet getaway to relax, or enjoy the perfect party space on the upstairs rear deck that blends seamlessly off the main living area. Drive through access from the double garage leads to an oversized single garage containing sink and toilet, plus adjoining covered entertaining area, making an ideal solution for home studio, extra storage space or potential pool house. Other notable features include epoxy flooring on garage surfaces, original timber floors, reverse cycle air, outdoor shower, water tank and a whopping 24 solar panels to minimise your power bills. Completing this impressive package is the huge 8m x 4m mineral water pool, offering ample length to get your lap count up, space to spread for those active water sport games, or just lie around and let the trickling water and warming sun rays calm your senses. Only a two minute walk to the renowned Bateau Bay Public School (no more scrambling for school drop off and pick up), or just a short walk up the road to explore the National Park walking trail and famous Crackneck lookout. Get in quick and make the most of this summertime sensation before it's too late.
