House For Sale

Friday, 15 November 2024

16 Talbot St, Longford, TAS, 7301

Bedrooms: 3

Bathrooms: 1

Parkings: 2

Type: House

A Dynamic Way To Start Or Downsize

The fully fenced garden dimensions that surround this light-filled three bedroom home offer dual access from both Talbot and Cracroft Streets an asset that offers ideal options for parking a van, boat, caravan or trailer in addition to the convenience of the property's substantial carport.

A generous lounge that appreciates attractive outlooks and is accompanied by return verandah proportions is further distinguished by a stylish brick feature wall and beautiful exposed beams while the separately zoned dining room links to an updated kitchen equipped with contemporary cabinetry and stainless steel appliances including a dual drawer dishwasher.

Built-in robes enhance each of the three bedrooms that share a bathroom where the impact of impressive updating is illustrated by its separate bath and shower and exceptional attention to detail.

A separate toilet and separate powder room add to the indoor appeal of an address where the gardens are beautifully secure and young family friendly.

Views over farmland to a spectacular skyline dominated by Quamby Bluff highlight the attraction of a location that's just a moment or two from Longford's excellent shops and cafes, within an easy commute of Launceston.
