LOOKING FOR SOMETHING A UNIQUE ?

This home is something a little unique and certainly not your average Wimmera/ Mallee home. Firstly the home is oiled weatherboard cladding on the outside, then the formal lounge and formal dining rooms have a old English feel to them with wood panel and dark painted plaster straps. The house opens up from there on with a well appointed kitchen, sitting room with a large wood heater, 2nd lounge with polished boards and split system, 3 double bedrooms, updated bathroom, laundry with a second toilet, sunroom and evaporative cooling for those hot summers days.

Outside there is a double carport, pergola, workshop, garden shed and solar panels on the roof. The established leafy garden runs down to the back fence and a gate accesses the rear lane.

Book your private inspection by contacting the selling agent before this property is snapped up.
