Exciting Potential in Family-Oriented Locale

Nestled privately at the end of a quiet, tree-lined court adjacent to parks and schools, this three bedroom home is absolutely brimming with potential to update and customise to personal taste, which would compound its value exponentially.

The house offers a flexible layout featuring three bedrooms, one bathroom, and a sizeable open kitchen, meals, and living area. Also included is split system air conditioning, an internal laundry, and a handy side driveway to a carport with a roller door.

Situated on an ample 626m² (approx.) holding lined with mature trees, the property sits moments away from the beautiful Fraser Court Reserve and Playground, whilst still residing just a five-minute drive from the centre of town.

Suburban family living is made all too easy, being walking distance from ALDI as well as multiple schools including Sunbury Heights Primary School, Holy Trinity Catholic Primary School, and Sunbury Downs College, and plentiful greenery including Sheffield Park, Lawson Street Reserve, and Langama Park along with the Sunbury United Sporting Club. It's the ideal setting for an active, sociable young family.

With easy access to Sunbury train station as well as the main shopping precinct, cafes, restaurants, amenities, and fantastic freeway access, this is an exciting opportunity to shape a new home.
