An excellent start in St Leonards

This cute, charismatic three bedroom home creates a great opportunity to secure a first family home where the appeal of the present day proportions is complemented by easy, rewarding options for updating and refreshing when so desired.

Natural light from the north-facing rear aspect illuminates a sun-room retreat and filters through to living and dining areas of traditional appeal and attractive proportions, complemented by a separate kitchen that remains entirely serviceable while also revealing its readiness for a re-vamp when you are.

Three bedrooms, including a substantial main bedroom contribute classically comfortable accommodation that's served by a central bathroom where the current day functionality is also completely capable of meeting today's needs and can be brought up to date when the time is right.

Lovely established gardens, generous sheds, carport and garaging accompany this tempting address, conveniently close to St Leonards Primary school, Larmenier Catholic School, St L's Café and IGA shopping.
