Absolutely Stunning Home

This property is really unique and so well presented that you'd think you were walking into a magazine. Set on a large 1163m² block (with subdivision potential) the gardens have been much loved. With the internal timber features plus the beauty of wooden floorboards this home is stunning. A chef's kitchen has seen many a wonderful meal prepared from produce grown in the vegetable gardens. The parents suite at the rear of the house provides peace and privacy from family or guests and opens out onto its own deck with views of the garden. There are many different outdoor living areas and decks that you can choose to relax in. The formal lounge/dining area joins onto the main deck through timber bi-fold doors, making it ideal for entertaining. There are 2 garden sheds in the huge back yard that offers potential for future growth. This home is just a short stroll to the Mossy Café and the Boatshed Café on those fabulous morning walks around the Mossy Point Reserve. Everything about this property exudes charm and elegance, and if you are looking for something special in Mossy Point then this is the one.
