HUGE DEVELOPMENT POTENTIAL IN DOWNTOWN DUNWICH - WATER VIEWS

This unique Dunwich property holds the best commercial (Neighbourhood Centre) zoning you can get. A massive 1214m² corner block, it is situated on the main street running through Dunwich with two street frontage including rear lane access.

There is currently a charming three bedroom, one bathroom home on the property with water views. Open plan living and dining with a large kitchen and built in verandah. On the lower level you will find the laundry and a huge lockable storage area that could easily be turned into extra living space.

Whether you choose to reside in what is currently there or develop this property to it's full potential, the possibilities are endless!
