Offers Closing 25th November - Unless Sold Prior

Reimagined with an effortless entertainer's edge this three-bedroom home considers all details in an enviably accessible location. Embellished with bespoke carpentry, and a playful landscape ensemble the humble family home transforms into a space to create life-long memories. Walking distance from the local shops, train station and reserves, a sense of community embeds this neighbourhood within the landscape.

Fitted for functionality and filled with natural light, the home centres around an open-plan living space. Complete with R/C air conditioning, ducted heating and surround sound this space overlooks two inviting garden aspects. Equipped to entertain the kitchen positions a Fisher & Paykal gas stove, oven and dishwasher beneath stone benchtops, a glass splashback and servery window to the alfresco. Timber decking sits beneath shelter inviting friends and family to share in the ease of entertaining. Glass fencing protects a spa-zone, as the garden continues around the home with a grassy play space, firepit and secure entry points.

The master bedroom conceals a walk-in wardrobe and indulgent ensuite bathroom comprising an oversized rain shower, floating timber vanity and separate W/C. Two additional bedrooms include built-in robes, ceiling fans and shared use of a second bathroom.

Fully fenced to keep wandering feet at home the property allows for storage of a boat/trailer within the carport. Remote controlled irrigation promises easy garden maintenance, whilst the location remains effortlessly accessible via Peninsula Link, 10 minutes from Bayside Shopping Centre and the iconic Frankston Waterfront.
