Renovated and refined.

Step into timeless charm with this beautifully renovated brick veneer home, originally built in the 1940s. Nestled on a quiet, tree-lined street and just a short walk from the CBD, this property perfectly balances classic appeal with modern living.

Inside, you'll find three spacious bedrooms, all featuring elegant hardwood floors. The master bedroom is particularly generous, complete with an ensuite and a dressing room for your convenience. Both bathrooms are stylishly updated to meet today's standards.

The heart of the home is the contemporary cottage-style kitchen, featuring stunning stone benchtops and new appliances, such as a 900mm gas cooktop, with an oven below and a fridge to suit, which flows seamlessly into an open-plan living area. Stay comfortable year-round with reverse cycle air-conditioning throughout the house.

Step outside to the decked entertaining area, equipped with a BBQ and shaded by a cool room panel pergola that ensures comfort even on the hottest summer days. The fully landscaped front and rear yards add to the appeal, and the property sits on a 697 square meter block, providing plenty of outdoor space. A new Colorbond shed with double roller doors and a concrete floor offers ample storage or workspace for hobbies.

This charming home in a great central locale is the perfect place to settle in and enjoy. Inspect today and make it yours.
