## **Family home with stunning views**

This beautiful 3-bedroom, split level style home is ready for its new owner. The views are free!  
Marvel at the scenery from the spacious front verandah with the uninterrupted easterly views.

Walking through the front door, you'll be introduced to a large living/dining area with high ceilings, large windows and fresh hybrid flooring with modern paintwork throughout.

The galley style kitchen sits in the heart of the home, with stainless steel appliances, and gas cooking.

All three bedrooms have built in wardrobes but also feature those large windows, allowing more than enough natural light to engulf the home.

Property also features:

Fully enclosed back verandah.

Large fully fenced rear yard.

Lockup garage.

Efficient pellet heating.

2 x Reverse cycle air con.

Shower over bath.

New toilet system.
