As you step inside, the spaciousness of the home immediately stands out, with soaring ceilings creating a sense of openness throughout. The home features three generously sized bedrooms, including a master suite with a private ensuite and walk-in robe. The additional bedrooms are equally well-appointed, each with built-in robes and their own ensuites, ensuring comfort and privacy for all.

Entertainment is a breeze in the large cinema room, complete with surround sound, LED lighting, and plenty of space for family movie nights or as an extra living area. The heart of the home lies in the open-plan living and dining spaces, seamlessly connected to the expansive kitchen. The kitchen itself is a true centerpiece, offering ample storage, stone benchtops, stainless steel appliances, a double sink, an integrated dishwasher, an induction cooktop, and a large walk-in pantry.

Step outside to discover two fantastic entertaining areas. The enclosed alfresco space is perfect for hosting guests or enjoying family time, featuring an inbuilt kitchenette, BBQ, and hotplate-ideal for year-round entertaining. The beautifully landscaped garden adds to the appeal, complete with a fire pit zone and rear access to the garage.
