Feel at Home Among the Trees: A Harmonious Blend of Character and Comfort

Take a moment to pause and take in the serene beauty of this unique property. With native birdlife like king parrots, rosellas, and cockatoos gracing your front door and balcony, you'll feel truly connected to nature every day. This is a home designed to welcome and relax, from the cosy combustion fireplace perfect for winter evenings, to the wide balcony where you can enjoy cool summer breezes and the soothing sounds of the bush.

The timber accents throughout the home create a sense of charm and character, beginning with the spacious timber kitchen that flows seamlessly into the open-plan lounge and dining areas. Vaulted ceilings add a grand, airy feel, while spectacular timber floors stretch across the living areas on the first floor. This level also features a private double bedroom with its own ensuite – an ideal space for a teenager or guest retreat.

Upstairs, the warmth and character continue, with three more double bedrooms, including a master suite with a walk-in robe, a delightful study nook framed by an arched brick opening, and a private balcony to soak in the tranquil views. The updated upstairs bathroom boasts modern elegance, with an extended shower, a floating vanity, and floor-to-ceiling tiles, while a large walk-in linen cupboard adds convenience.

Step outside, and you'll find a covered entertaining area, perfect for hosting barbecues or simply enjoying the peaceful bushland setting and spectacular sunsets. Parking is no problem, with a single covered carport and additional space for two more vehicles.

This home offers a harmonious blend of character, comfort, and connection to nature, inviting you to truly feel at home among the trees.
