**\$450 per week**

This family home has been renovated and freshened up from top to bottom. The façade is bright, fresh, and clean with low maintenance landscaped gardens welcoming you and your family home. This striking 3-bedroom, 1 bathroom home is modest in size yet filled to the brim with quality. A renovated kitchen with electric cooktop and oven, soft close cabinetry, dishwasher, and plentiful storage is the highlight of this home. A refreshed bathroom and laundry, all bedrooms with built in robes, an adjoining lounge room off the kitchen and a separate meals/dining nook completes this home. A substantial heating unit and ceiling fans throughout keep you comfortable all year-round. In addition, automatic security shutters have been installed on the windows. A cute rear patio is ideal for your morning coffee and leads out to an expansive and secure rear yard. A good sized shed to store mowers, tools and other bits and pieces completes this yard. Secure off-street parking is a big tick for this property with a newly laid concrete drive. The home is situated in a quiet pocket as there is no passing traffic due to the no through road. Challenger Close is surrounded by schools, sporting facilities, recreational reserves, supermarkets, and specialty stores.
