A Perfect Family Oasis

This beautiful family home enjoys a prime location, nestled against a serene neighborhood recreational park complete with expansive playing fields, majestic trees, and the cheerful sounds of local birdlife. Designed with comfort and style in mind, this four-bedroom home offers the perfect blend of elegance and practicality.

The formal entry and informal living spaces are unified by stunning white ceramic tiling, creating a fresh and inviting atmosphere. At the front of the home, a carpeted, light-filled living room welcomes you, while a separate family and dining area flows seamlessly into the deluxe gas kitchen. With its solid bamboo benchtops, stainless steel appliances, dishwasher, and ample pantry storage, the kitchen is both functional and stylish.

The main bedroom suite, positioned near the front living room, exudes sophistication. It features a spacious ensuite, walk-in robe, and an eye-catching tiled feature wall that adds a touch of artistic flair. The three remaining bedrooms each have their own unique charm, boasting bright, cheerful colors and high-gloss bamboo flooring. A generously sized family bathroom, complete with a step-up spa bath, is conveniently located for easy access.

The second casual living area is perfectly situated near the minor bedrooms, providing a cozy retreat with sliding glass doors that lead to an exceptional outdoor entertaining space. This high-gabled verandah is designed to capture the warmth of the northern winter sun and overlooks the lush manicured lawns, a sparkling inground saltwater pool, and a sandpit for the kids to enjoy.

Year-round comfort is assured with ducted evaporative air conditioning and additional split systems throughout the home. Adding to its appeal, the property features 24 solar panels to help reduce energy costs, ensuring both economic and environmental benefits.

Key Highlights:

- Stunning four-bedroom family home with rammed earth construction
- Elegant main bedroom suite with ensuite and artistic tiled feature wall
- Family-sized bathroom with spa bath and two spacious living areas
- Fabulous outdoor entertaining area with inground saltwater pool to cool off in the summer
- Backing onto a picturesque neighborhood park with established trees and birdlife
- Energy efficiency with 24 solar panels, plus evaporative and split-system cooling

This home is the ideal sanctuary for families seeking a combination of luxury, comfort, and convenience, all set in a tranquil park-side location. Call Lindsay to find out more.
