Tightly Held Rydal Village

Situated right in the heart of Rydal Village, this 3 bedroom residence has the advantage of town water and two street frontages. A generous 2100 square metre lot size allows plenty of space for a garage or a workshop. The internal layout includes a lounge room with split system A/C, dining room with log fire and a modern kitchen and bathroom. Great scope for a renovation or extension.

Historic Rydal railway station just across the road and only 20 minutes drive to Lithgow and 35 minutes drive to Bathurst.
