Close to Schools & Hospitals

The perfect investment property or home to live in, located walking distance to the Rockhampton Hospital, Co-Ed Grammar & Crescent Lagoon Primary. 5 mins drive to the airport, the Golf Club, Gardens & Zoo.

The home has 3 bedrooms, the main bedroom is air-conditioned, with a renovated bathroom & walk-in shower, a separate toilet and hardwood floors. The lounge is air-conditioned & there is a fully screened front patio, if you would like to have dinner outside with friends and no flies.

The Solar Power & Solar Hot water are a huge bonus to have, with the high cost of power these days. The property is fully fenced & underneath the back of the house is high & concreted, making a great entertaining area, or enclose it for another room.

Check out the open house times for Friday and Saturday. This is a lovely solid well kept home.
