"The Grove" Circa: 1939

Being stuck for words is a rarity and yet here we are. This jaw dropping renovation of a traditional bungalow style home on the fringe of Burnie's CBD will have you in awe from the moment you step up to the front door. Meticulously re-built from the floor up it's obvious the standard and exceptional execution this home has undergone all while being respectful to the character of the original home. Features include but are not limited to:

- Two King sized bedrooms - both with custom built in robes
- Large bathroom with separate soaker bath
- Open plan kitchen/living/dining
- Custom kitchen - high quality appliances - stone benchtops
- Dual heating - choose between wood heater or reverse cycle air conditioner
- Double glazed windows all throughout
- Commercial grade insulation in the ceiling
- Garage under with plenty of storage
- Sensational sea views enhanced by the morning glow with each sunrise
- Two separate courtyards befitting of any inner-city dwelling

This executive home exudes a sophisticated chic worthy of any high-end magazine feature. Currently operating as a very popular and successful short term accommodation property, it's not difficult to see why. No need to own a vehicle as everything you desire is within a very short walk to the city, the waterfront, and the vibrant café scene. Restored with sympathy and yet modernised with an expertise which is very difficult to emulate - however the current owners have done so with the skilfulness of a professional interior decorator. Don't delay, properties such as this attract an appropriate level of interest.

Harcourts Burnie has no reason to doubt the accuracy of the information in this document which has been sourced from means which are considered reliable, however we cannot guarantee accuracy. Prospective purchasers are advised to carry out their own investigations. All measurements are approximate.
