Ahoy! 40 magical metres of deep waterfront to Pittwater. Lush Lovett Bay... designed by acclaimed Northern Beaches architect Michael Muir; known for his stunning contemporary designs that showcase incredible coastal positions. Expansive 180 degrees across Pittwater is your backdrop to paradise. Set on an impressive 1125sqm site of absolute waterfront where privacy is premium. Natural elements of stone and timber are complemented by expansive use of glass which ensures that virtually every room has a water view. An indoor/outdoor flow has you living as one within a natural pristine setting that showcases the impressive craftsmen construction of this magnificent Masterbuilt offshore residence. The boatshed, ramp and boat pen at the water's edge will become a natural extension to your living and entertaining options, or somewhere to retreat to solo to be at one with nature. Take in the sunshine on the grassed level land by the water or jump on your boat from the jetty and head out for a day of exploring the many magical bays of Pittwater and beyond. Worlds away yet still so convenient, less than 5 minutes by water from Church Point and once you're on the mainland, only a 45-minute leisurely drive to the CBD. Serenity found.
