Extensive double glazing throughout this area capitalises on the superb views, and glass sliding doors open onto the pool deck with infinity lap pool. This outdoor area extends around to the terrace which has an electric pergola, providing a safe and sheltered play area for children and further extending the outdoor living space for year-round enjoyment. Beyond the open plan living room, there is a study, bathroom and spacious family room that opens directly onto the outdoor entertaining area with built in BBQ and pizza oven.

Accommodating a spacious dressing room with bespoke joinery and ensuite bathroom with double vanity, double shower and a sumptuous bathtub, this is an opulent retreat. A further bedroom with a built-in wardrobe is also found on this level. The upper storey accommodates three further bedrooms all with built-in wardrobes and a family bathroom with shower and bathtub. A wine cellar, storeroom and laundry complete the floorplan.

Great attention to detail is displayed throughout the home with a range of modern luxuries installed to create a lifestyle of relaxed convenience. The home has a Sonos home entertainment system and speakers throughout the main living area, automated blinds, CCTV and security alarm, ducted reverse cycle electric heating, double glazing on most levels, 2 x 22,000 litre rainwater tanks for watering the garden, automated watering system, 94 sqm of storage underneath the house, underfloor heating in all of the bathrooms and a laundry chute.

A double garage with utility space and internal access provides secure parking, and additional parking is available in the electric gated driveway.
