Wayne Eagles

Exudes Luxury!

Nestled on a coveted corner block with dual side access, this stunning five-bedroom home offers an exceptional lifestyle designed with versatility and space in mind. The layout includes a separate guest or in-law accommodation, making it perfect for extended family or visitors seeking their own retreat. From the moment you step inside, the attention to detail is evident, with elegant wainscoting throughout that adds a touch of sophistication to every room.

The expansive open-plan living and dining area features an inviting electric heater framed by a classic mantle, providing warmth and ambiance. At the heart of the home is a quality Hamptons-inspired kitchen, impeccably finished with upgraded 40mm stone benchtops, custom shaker-style soft-closing cabinetry, and a gas cooktop with an electric oven. The striking herringbone splashback is both stylish and timeless, while the built-in fridge plumbing and a seamless walk-in pantry offer practicality and ample storage, creating a true chef's haven.

The oversized master suite at the front of the home exudes luxury, highlighted by plantation shutters and a sleek ensuite. Here, you'll find floor-to-ceiling marble-look tiles, a double vanity with 40mm stone tops, elegant stainless steel fittings, a statement mirror, and a freestanding tub perfect for relaxing after a long day.

The home's cleverly designed wing provides a private sanctuary for guests or additional family members, featuring bedrooms two and three with built-in robes and a shared ensuite. This space is finished with meticulous detail, including rain shower heads, double basins, a stone vanity, and a separate toilet. The kitchenette is fully equipped with a two-burner electric cooktop, range hood, oven, and stylish glass splashback, allowing for independent living.

A media room has been thoughtfully converted into a versatile studio space, complemented by an expansive fifth bedroom complete with its own ensuite, matching the luxury and quality found throughout the rest of the home.

Outside, the blank canvas yard offers endless possibilities, whether you envision a pool, additional shedding, or a play area. The property is equipped with premium extras, including a four-zone ducted Daikin air conditioning system, plantation shutters, LED lighting, a walk-in linen closet, bottled gas, dual hot water systems, and a comprehensive solar system, ensuring comfort and efficiency all year round.

This is more than just a home; it's a lifestyle opportunity waiting to be personalised and enjoyed by its next owner.
