\$600,000 - \$650,000

Perfectly located in the sought after Yarra Valley village of Millgrove, this home is ready to move straight into and make your own. This three-bedroom brick home offers a wealth of opportunities for first home buyers and investors alike. Two tall date palms flank the concrete driveway leading to a neat front porch, iron lacework framing the facade. Inside, a huge family living area with thick slate carpet underfoot welcomes. The generous, well-appointed, and recently updated kitchen overlooks a side fernery complete with Japanese ornamental pond, is equipped with a 90-centimetre rangehood, modern fittings, and an abundance of bench space and storage. Three bedrooms, two with built-in wardrobes and ceiling fan lights. The renovated bathroom is the perfect spot for a relaxing soak with windows opening onto the lush fernery. Out the back, yet more possibilities await. A wonderfully deep, covered verandah, looking out to a mature lemon tree and lovely flat lawn, is a haven for outdoor entertaining and family games. A swimming pool fence is in place, just waiting for a new pool, or enclosed trampoline area. A double garage completes the practicalities. With relaxing river walks nearby, and the local village including an artisan cheese shop and an ice-cream parlour, 34 McKenzie King Drive might just be your perfect new home.
