Will This Be Your Piece Of Paradise?

This beautiful country cottage style home lovingly restored to its former glory by its fastidious owners reflects the warmth and peace of a gentler time. With high ceilings, beautiful hardwood timber floors, a kitchen to envy and two bathrooms tastefully renovated perfectly to bring modern convenience without ruining the olde world feel this property is a real gem. Featuring three bedrooms, air-conditioned main with ensuite featuring a full-sized bath, small study, 2 living areas and a wonderful veranda and a sunroom/studio at the rear situated off the carport that could be used as guest accommodation or for a teenage retreat. Enjoy the sea breezes that come from being so close to the water but just back far enough to be away from the noise and hustle & bustle of the Esplanade. The property has been completely finished off with the driveway to the rear carport, there's even good access and room for a boat, trailer or camper. With nothing to do but move in and enjoy you'll have it made here. This is a very special property, don't miss out.
