Two and a Half Acres With Stunning Water Views

This charming 1940s home was positioned perfectly to take in the stunning views over the water, as well as soak in the abundance of sun from the northeast. Thanks to the fantastic elevation, it enjoys mesmerizing views over the Huon River, right through to the hillsides beyond it. It sits on over two and a half acres of land and is just moments from the sweet little township of Franklin.

The home has recently enjoyed some modern upgrades, including a freshly revamped kitchen, new floor coverings, and has been freshly painted throughout. This means you can move in and start enjoying the outlook right away. There are accesses to the veranda and covered balcony, then into the gardens from the kitchen and living areas. A freestanding wood heater located in the generously proportioned living area heats the home beautifully.

There are four bedrooms provided, three of which offer built in storage, and the family bathroom hosts a separate shower and bath. Large windows found in each room frame the glorious views.

Alongside the two car garage and large carport, which also provides covered access to the home, there's an additional storage area. There's also plenty of space to further develop the block if you wish.

With two and a half acres to enjoy, there is room for animals and space to create a substantial garden, which will benefit from the sunny, yet protected positioning of the property. Phone or email for further information and to schedule your appointment to view.
